Buyer decision

Status: APPROVED (2026-10-13 19:32 UTC)

Buyer-selected scenario: SCN-003 Lowest cost, max 2 suppliers - INR 11,76,94,450

Recommended scenario

SCN-003 Lowest cost, max 2 suppliers

Total evaluated cost INR 11,76,94,450 | historical INR 11,88,50,100 | savings INR 11,55,650 (1%) | 2 supplier(s) | technical score 83.3

Why

- Lowest cost, max 2 suppliers: total evaluated cost INR 11,76,94,450 across all 30 lines with 2 supplier(s) (Vendor 2 (Shree Ganesh Packwell Pvt. Ltd.) 71.6%, Vendor 1 (Deccan Corrupack Industries Pvt. Ltd.) 28.4%).
- Saves INR 11,55,650 (1%) versus the FY25-26 historical benchmark of INR 11,88,50,100.
- Only technically qualified vendors are awarded; spend-weighted technical score 83.3.
- Excluded on qualification: Vendor 4 (Sri Vaigai Corrugators) - failed technical qualification (score 46/100, threshold 70; mandatory failures Q01, Q05, Q10) | Vendor 5 (Godavari Packaging Works) - failed technical qualification (score 68/100, threshold 70).

Trade-offs

- Alternative Quality-first (<=5% above cheapest, max 3 suppliers): INR 12,35,04,850 (+INR 58,10,400, 4.9%), 3 supplier(s), technical score 91.6 vs 83.3.
- Ignoring qualification would cost INR 11,05,33,650 (INR 71,60,800 less) by awarding Vendor 4 (Sri Vaigai Corrugators) - not permitted because qualification is mandatory.
- Split award: 2 suppliers to manage versus a single source.

Alternative: SCN-005 Quality-first (<=5% above cheapest, max 3 suppliers) (+INR 58,10,400)
